BROADBAND Permissions have been obtained by Openreach for the “Burley 2” superfast broadband cabinet (in the village centre) but no time scale had been given for implementation; this will be sited at the Burley Club. Openreach’s proposed site for the “Burley 1” cabinet is in Mill Lane, however permission for power is still to be obtained. The Parish Council would prefer ‘Burley 1’ to be located on the site of the existing cabinet in Lester Square, this option is being revisited. A cabinet for Burley Street has no location as yet and is part of the FTTP (Fibre to the Premises on demand) Planning Project, to be implemented, as part of the next phase of the project. Please visit www.hampshiresuperfastbroadband.com and enter your postcode to see how the broadband project will affect your area.

BUSES Morebus will operate the bus service in Burley three days a week until September; after this the service will be reviewed and if not profitable it will cease. Use it or lose it!

ROADS AND TRAFFIC

- Road works are due to start in September on the A338. Cllr Martin has spoken to Hampshire Highways and Dorset Highways and is aiming to meet with all relevant parties to ascertain what contingencies are in place to minimise the impact on forest villages.
- Resurfacing works are scheduled on both carriageways of the A31 with carriageway closures and diversions in place. Please look at the BPC notice board or www.burleyparishcouncil.gov.uk for further details of dates and times and a diversion map.
- Police have supported the principle of double yellow lines up the hill towards the primary school as a safety issue has been raised here particularly at school drop off and pick up times. This is now being considered by HCC.
- In order to make the 30mph speed limit more visible in Burley Street, the signage is being moved up the Ringwood Road to a new location around the top corner.

CYCLING On 20th September there is clash of timings and on some roads between the Wiggle and Cycletta cycling events. The Safety Advisory Group is looking into this. Please note the Cycletta does not go through Burley village.

BURLEY LIVING HISTORY An exhibition of artefacts was held on 6/7th June in the Village Hall. This was highly praised and had several hundred visitors. Thanks goes to all involved in moving the artefacts from the red cross hut to the Village Hall. Thanks also to Robin and Sandy Simpson, Graham Tucker, Philip Buckley, the WI, Karen Russell and Wendy Buckley for their contributions to the event. The Chairman would also like to thank Cllr Russell.

LENGTHSMAN If you have any suggestions on work that could be done by our village Lengthsman, such as bramble clearing or sign cleaning, please contact Cllr Jane Kendall on 402407.

NEXT MEETING To be held on **Wednesday 8th July** at 6.30pm in the Myrtle Hall.
